Located at the mouth of the Trent River in the Bay of Quinte, Quinte West is the hub of a number of natural and manmade waterways. In 1993, Quinte West began the process of regeneration by reclaiming the Trent Riverfront. It ripped up parking spaces that backed onto the shoreline and created a lovely landscaped and lit Trail that has helped revitalize the heritage downtown. Quinte West is great overnight stop with a range of hotel accommodations, services, heritage attractions and loads of nature trails to explore. Home to one of Canada's busiest Military airbases, you'll discover a fascination for aviation by watching the many different kinds of aircraft in the area. Be sure to check out Canada's National Airforce Museum—a favourite attraction of our Great Waterfront Trail Adventure participants. Currently, there is a gap in the Trail between Quinte West and Belleville. However, cyclists can travel to Belleville using CR 3 on the south side of Murray Canal or by using Hamilton Road.
